

Growing business through green energy solutions

For almost seventy years Munro Distributing has been the premiere independent electrical supply firm in New England. We have supplied energy efficient lighting and distribution gear for some of the largest LEED certified new construction projects, along with lighting and controls for over 800 million square feet of retrofit projects.

We have also covered almost one million square feet of rooftops with solar arrays.

That's good for the environment and the bottom line.

Services

Electrical Supplies

Clients Served

Our Conservation Group has supplied energy efficient lamps and controls for such facilities as:

TD Bank North Garden - Copley Place Plaza
 FedEx Distribution Centers - Pepsi Bottling Centers
 Iron Mountain Storage - Simon Property Mall Group
 BJ's Wholesale Shopping Club - NY City Housing Authority
 Providence Housing Authority - Holiday Inn
 Embassy Suites - Marriott Hotels & Resorts
 Sheraton Hotels - Lindemann Center & Hurley Building
 Suffolk University - University of Rhode Island
 Shoreline School System - University of Massachusetts
 Key West Naval Air Station - Smithsonian Museum
 FBI Building - National Archives

Our Special Projects division provided \$4 million worth of lighting, gear and design for the FM Global's world headquarters in Johnston, RI. The \$60 million dollar facility is the largest LEED Gold certified building in Rhode Island.

Our Solar division co-designed and supplied the solar components for one of the largest privately owned solar arrays in Massachusetts. The system is comprised of 960 panels. The system is expected to pay for itself within five years.

"We are proud to be at the forefront of sustainable technology with one of the Southcoast's largest photovoltaic systems. The efficiencies gained will help us to be a better neighbor, employer, and supplier to the community. Thank you to the professional team at Munro and Solar Installations, LLC for bringing the vision to life." - Joseph Delgado, President, Dartmouth Building Supply
